

ELANTRA

Help is at hand with the FREE 24/7 Roadside Assist*. Designed to provide protection to Hyundai owners in case of accidents, vehicle breakdown, parts malfunction or even a flat tyre. Roadside Assist will provide you with assistance needed, covering on-site repair or towing services. Here we present you the ultimate freedom to roam with peace of mind like never before. Terms & conditions apply.

*Terms & conditions apply.

* Refer to 24/7 Roadside Assists leaflet for details.

Discover the world. Be thrilled that your Hyundai is assured up to 300,000km or 5 years, whichever is earlier, an exclusive warranty for all Hyundai users. That means you can drive up to 164 kilometres a day for 5 years and know that your Hyundai is taken care of. You can even choose to drive across the globe up to 7 times! Our bold testament is a testimony of Hyundai's faith in our vehicles.

*Terms & conditions apply

NEW THINKING. NEW POSSIBILITIES.

People's expectation towards individual mobility requires more than just a convenient means of transportation. The old understanding of cars has become outdated. A car represents individuals' lifestyles, and it became an integral part of their lives. At the same time, the automobile industry has experienced seismic change. Hyundai Motor Company has grown rapidly to become one of the largest automakers, backed by world class production capability and superior quality. We have now reached a point where we need a qualitative approach to bring bigger ideas and relevant solutions to our customers. This is an opportunity to move forward and we have developed a new brand slogan that encapsulates our willingness to take a big leap. Led by our new slogan and the new thinking underlying it, we will become a company that keeps challenging itself to unlock new possibilities for people and the planet.

Elantra

EXPECT MORE

The all-new class leading Hyundai Elantra is many things you don't often expect to see together: Athletic & Luxurious, Stable & Graceful, Strong & Agile.

Pictures are for illustration purpose only. Actual unit may differ.

MORE THAN URBAN

A front that stirs the emotions, a stylish profile, and an unforgettable back...

Elantra makes the city more brilliant

EXTERIOR

Pictures are for illustration purpose only. Actual unit may differ.

CHOOSE FROM DETAIL TO DETAIL

The details that you choose reflect your expectations and taste. They show what you value, and what goes well with you... As a car that was conceived to let you enjoy the city to perfection, Elantra, too, has opted to choose only the most sophisticated design, practical functions, and a fresh experience for itself.

PROJECTION HEADLAMP WITH LED LIGHT GUIDE (1.6L Premium & 1.8L Premium only)

LED light guides have been added to the headlamps for a more modern and high-tech image. The design of the new fog lamps takes Elantra's sophisticated look one step further.

REAR COMBINATION LAMPS

Rear combination lamps featuring a design that is even more elegant and sophisticated than before add the perfect finishing touch to Elantra's stylish rear.

OUTSIDE MIRROR REPEATERS

The side mirror repeaters are brilliantly integrated into Elantra's overall design. These details increase visibility and offer added safety and visual appeal.

RADIATOR GRILLE

A sleek radiator grille with sharp, sophisticated details reinforces the luxuriousness of Elantra.

CHROME-COATED OUTSIDE HANDLES

Chrome-coated outside handles reflecting a sophisticated design offer superior grip and add a sense of elegance to Elantra's profile.

ALLOY WHEELS

New alloy wheels sporting an updated look that expresses Elantra's urban image are proposed in 16" & 17" sizes. Lightweight but strong, they provide a dynamic sense of driving.

Pictures are for illustration purpose only. Actual unit may differ.

MORE THAN EMOTION

Thoughtful considerations, sophisticated details, and peace of mind...

Inside Elantra, driving becomes emotion

INTERIOR

Audio Visual Navigation (AVN)

(1.8ℓ Premium only)

The audio visual navigator comes with an LCD monitor and optimally placed function buttons to make listening to music, navigation and hands-free calls even more convenient.

THINK ABOUT THE FEELING

What kind of feeling do people seek in their driving space? A space where music can touch you and where the smallest detail can warm your heart? That's why inside Elantra, we decided to incorporate only the real.

SUPERVISION CLUSTER WITH 3.4" OLED DISPLAY

(1.6ℓ Premium & 1.8ℓ Premium only)

The supervision cluster, with its high-tech design, adopts an OLED display that is clearer than the conventional dot-type display for increased readability and information delivery.

FLEX STEER™ SYSTEM

(1.6ℓ Premium & 1.8ℓ Premium only)

The Flex Steer™ system allows drivers to choose from normal, comfort, and sport modes according to their preference and driving conditions. The normal mode is adequate for regular driving conditions while the comfort mode lets drivers enjoy lighter steering, for instance, in the city. The sport mode can be chosen for heavier steering or high speed driving.

REAR-VIEW DISPLAY SYSTEM

(1.6ℓ Premium & 1.8ℓ Premium only)

The rear-view display system recognizes the angle at which drivers are holding the steering wheel and shows them the trajectory to follow to help them park the car more conveniently from the back.

DUAL ZONE FULL AUTO AIR CONDITIONING SYSTEM WITH IONIZER

(1.8ℓ Premium only)

The full auto air conditioning system with cluster ionizer keeps the air inside the car pleasant and maintains it at the desired temperature. With this function, everyone in the car can experience a more comfortable ride wherever they are seated.

REAR AIR VENTILATION SYSTEM

(1.6ℓ Premium & 1.8ℓ Premium only)

The rear air ventilation keeps the air temperature pleasant for passengers seated in the back.

STEERING WHEEL REMOTE CONTROL SYSTEM

The steering wheel remote control lets drivers use audio and other functions conveniently while driving without distracting their view to help them drive safely.

DRIVER'S SEAT ADJUSTMENT SYSTEM

(Available in Elantra 1.8ℓ Premium)

The driver's seat adjustment function provides a multitude of possibilities with its sliding, reclining, height adjuster, tilt and electric lumbar support modes allowing each driver to find his/her optimal seat position.

THE PERFECT BALANCE

Elantra engines and transmissions boast major engineering improvements where power and fuel efficiency is united by technology.

NU 1.8 DUAL CVVT ENGINE

State-of-the-art technologies have been applied to the 1.8 Dual CVVT engine to provide for an even more dynamic driving experience in the city, with maximum output of 150 ps at 6,500 rpm and maximum torque of 178Nm at 4,700 rpm.

6-SPEED AUTOMATIC TRANSMISSION

The automatic transmission, with an enhanced grip thanks to the ergonomic design, ensures maximum driving satisfaction with its high-precision response and exceptional durability.

GAMMA 1.6 DUAL CVVT ENGINE

The 1.6 engine with Dual CVVT, delivering maximum output of 130 ps at 6,300 rpm and maximum torque of 157Nm at 4,850 rpm, offers power, fuel efficiency and eco-friendliness all in one.

AUTO CRUISE CONTROL

(Available in Elantra 1.8Q Premium only)

Auto cruise control allows drivers to preset their desired speed for a drive without stepping on the pedals.

PERFORMANCE

SAFETY

Electronic Stability Control (ESC)

ESC continuously tracks how the driver maneuvers the steering wheel in comparison to the actual rotation of the car.

It automatically applies braking to each wheel allowing the driver to have complete control over the movement of the car. In particular, ESC effectively controls the car from skidding when cornering.

Vehicle Stability Management (VSM)

VSM helps the vehicle maintain directional stability when suddenly braking or rapidly accelerating under asymmetric (wet/dry) road surface conditions where traction among the four tyres can suddenly become uneven.

Anti-lock Braking System (ABS)

Emergency braking can cause a vehicle's wheels to lock up and skid, resulting in a loss of steering control right when you need it most. ABS helps prevent your wheels from locking up under hard braking. Instead, it rapidly pulses the brakes so you can steer safely to a stop.

Hill Assist Control (HAC)

HAC gives you added confidence by minimizing vehicle roll back when starting from a stop on an incline situation.

PEACE OF MIND

Hyundai engineers were uncompromising in designing the Elantra's active and passive safety systems. That's why the Elantra is packed with features to help keep you safe.

ULTRA HIGH-STRENGTH STEEL

No ordinary run-of-the-mill steel, the ultra-high tensile strength steel is a high-performance steel alloy applied to critical areas of the body shell where additional strength reinforcement is required. The benefit is superior crash-worthiness.

6-AIRBAG SYSTEM (1.6L Premium & 1.8L Premium only)

Elantra comes with 6 airbags: dual front airbags for the driver and passenger, dual front seat-mounted airbags, and dual side curtain airbags which offer additional protection against side impacts.

FRONT & REAR PARKING ASSIST SYSTEM (PAS)

(1.8L Premium only)

Sensors in the front and back of the car that assess the distance between the car and obstacles and alert drivers when necessary come in handy when parking in a narrow space.

CHILD ANCHORS

Built-in anchors help young parents with infants to travel in safety by allowing them to mount child seats in a more secure way.

CONVENIENCE

Pictures are for illustration purpose only. Actual unit may differ.

ADD CONSIDERATION

A private oasis of comfort and relaxation, the Elantra offers every amenity and convenience you'd expect.

Audio Visual Navigation (AVN)
(1.8L Premium only)
The Android operating system allow social networking based navigational systems to be used to avoid heavy traffic. Gain access to your phone's applications via the car's navigation screen with MirrorLink function for both Android and iOS based mobile phones.

SMART KEY
There'll be no more fumbling for the key in your pocket with this available feature. The Elantra recognizes your Smart Key and, with a push of a button on the door handle, immediately unlocks the door for you. Then you can get in, press the ignition button and go.

REAR SEAT FOLDING SYSTEM (6:4 TYPE)
Rear seats are not only comfortable, but can also be transformed into additional cargo space for large or long loads by conveniently being folded into a 6:4 ratio.
* 6:4 seats are available only on the GLS model.

AUTO LIGHT CONTROL
(1.6L Premium & 1.8L Premium only)
The auto light control senses the change of light intensity surrounding the car and automatically turns the lights on or off. With this function, drivers do not have to operate the switches themselves.

ENGINE START / STOP BUTTON
(1.6L Premium & 1.8L Premium only)
The engine can be turned on and off with the touch of a button, making the start and finish of driving Elantra even more convenient.

RAIN SENSOR
(1.8L Premium only)
A built-in rain sensor senses the amount of rainfall and automatically controls the speed of the wipers. Aero blade wipers with superior adhesiveness ensure increased visibility.

Pictures are for illustration purpose only. Actual unit may differ.

N.V.H (NOISE, VIBRATION & HARSHNESS)

Eliminating noise, vibration and harshness is as much science as it is an art. To tackle problems from a new perspective, Hyundai engineers ingeniously devise their own new measuring instruments to track down NVH sources and eliminate them.

OUTSIDE MIRROR
To cut down wind noise, the shape of the housing has been optimised through countless hours of wind tunnel testing.

SOUND DEADENING FOAM
Injecting sound deadening into key body cavities stops sound waves from propagating. (Six hard points)

DOOR HANDLE'S DIAGONAL LINE
Subtle details such as the adoption of a diagonal parting line on the outside door handle actually lowered wind noise.

PLASTIC SHIELD MODULE
Adoption of a twin-layer gasket structure better blocks wind noise during high speed driving.

DIMENSIONS

Interior Dimensions

Doing more with less, that's the challenge of small car design. Elantra's innovative yet stylish layout translates into more legroom and shoulder room which equals more comfort.

(Unit : mm)

Description		Elantra
LEG ROOM	① 1st Row	1,108
	② 2nd Row	847
HEAD ROOM	③ 1st Row	1,017
	④ 2nd Row	943
SHOULDER ROOM	⑤ 1st Row	1,420
	⑥ 2nd Row	1,393
	⑦ Leg Room	1,773

Exterior Dimensions

When there's 420 litres of luggage space on hand, then it's clear that good design always multiplies your options. Elantra's versatile rear seats can be reconfigured in a number way to expand the possibilities.

(Unit : mm)

Description		Elantra
