

SONATA

Technology that inspires.

Sonata's high style does more than just spark the emotions. It delivers high rewards with innovative design features like the gradient hidden light technology, a sure conversation starter that adds to Sonata's mystique. Sonata's high-tech image is reinforced with LED rear combination lamps and available full-LED front lighting.

Radiator grille / LED daytime running lights (DRL) / LED headlamps (MFR type)

18" Alloy wheels

LED rear combination lamps

Features

From the exterior styling to the luxurious interior, Sonata projects sensuous comfort which served as the guiding concept throughout Sonata's development. And because today's drivers want a smart, personalised experience, Sonata answers the call with a suite of connectivity and convenience features. Whatever your lifestyle, Sonata is the perfect fit that will open the door to a whole new world of driving freedom and pleasure.

Side mirror with electric control & folding

LED high mount stop lamp

Panoramic sunroof

Electronic chromic mirror (ECM)

Full auto air conditioning system

8" LCD touch screen

Seat folding system (6:4 type)

8-way power seats with 2-way lumbar support

My comfort zone.

Like an extension of your body, Sonata has a way of becoming a part of you. The seats comfort and cradle you. All gauges, control knobs and pedals align perfectly with eyes, hands and feet for a sense of complete confidence and total control. The 8" audio unit is compact but highly capable with a menu interface that is designed to be simple and intuitive to operate and provides you with quick and effortless access to all key functions while on the move.

12.3 inch full high resolution LCD cluster / Integrated driving mode (Comfort / Smart / Eco / Sport)

Wireless smartphone charging with temperature sensor and cooling function.

Memory seat with 2 users setting

Power with precision.

The all-new Hyundai Smartstream is the next generation powertrain that enable better fuel efficiency, improved real-world performance, and reduced emissions. Sonata dials it up with an all-new powertrain mated to a six-speed automatic gearbox. Gear selection is controlled by a new Electronic Shift Button (shift-by-wire) selector that makes for safer, more precise and fool-proof gear changes and its smaller footprint clears up valuable space on the centre console. This same push-button convenience is brought to the electronic parking brake which comes with auto-hold that allows the driver to remove his foot from the brake pedal during stops to relax the leg muscles while maintaining brake pressure.

Electronic shift button (Shift-by-wire)

Drive mode selector and auto hold function

Smartstream G2.5

180 Maximum power
PS/6,000 rpm

232 Maximum torque

TECHNOLOGY

Keeping an eye for you.

Sonata's cutting-edge safety features will always have your back. See more with Surround View Monitor, and the Blind Spot View Monitor displays the presence of an unseen vehicle. The BVM's 50-degree field of view far surpasses the coverage of the outside mirror for safer, more confident driving.

Blind spot view monitoring (BVM)

Surround view monitor (SVM)

SVM uses the AV head unit to serve up a 360-degree birds eye view of the car and its surroundings.

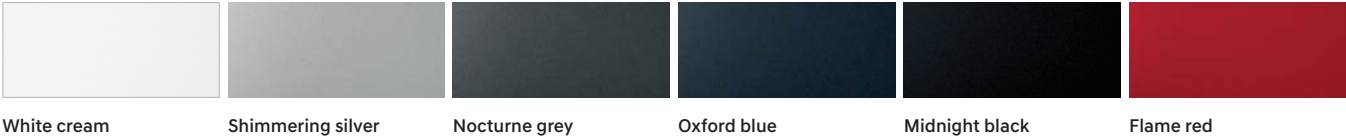

Head-up display

Tyres pressure monitoring system (TPMS)
